

Curriculum Vitae

Masoumeh Sadeghi

Date of birth: 1 December 1968
Place of birth: Rafsanjan
Sex: Female
Marital status: Married
Nationality: Iranian

Office:

Address Isfahan Cardiovascular Research Institute, Cardiac Rehabilitation Research Center , Isfahan, Iran
Isfahan University of Medical Science, Isfahan School of Medical Science, Heart Division, Isfahan, Iran
Phone +98 311 3359090, 3359696
Fax +98 311 3373435

Department:

Isfahan University of Medical Science, School of Medicine, Heart Department
Rehabilitation Research Center, Isfahan Cardiovascular Research Institute, Isfahan University of medical sciences

Home:

Address Mardavig, Amar Street, Number 7 Lane, Number 90, 6th Floor
Phone +98 311 6698611
Fax: +98 311 6698609

Email: m_sadeghi@crc.mui.ac.ir
sadeghimasoumeh@gmail.com

Language skills: English, Farsi

Education

- Associated professor of cardiology.
- Specialty in cardiology - Isfahan University of Medical Sciences.
- M.D Degree-Isfahan University of Medical Sciences.

Work:

-Head of Rehabilitation Research Center, Isfahan Cardiovascular Research Institute WHO Collaborating Center, Isfahan University of medical sciences.

-Deputy of research, Isfahan Cardiovascular Research Institute WHO Collaborating Center, Isfahan University of medical sciences.

- Editor in Chief ,ARYA Atherosclerosis Journal
- Head of Journal club, Khorshid Hospital

Work experience:

Having passed the research method workshop held by ministry of health

Having passed medical writing workshop.

Having passed clinical trial workshop (Hong Kong).

Having passed clinical trial workshop (Iran).

Having passed clinical trial workshop on secondary prevention of myocardial infarction and stroke and management of cardiovascular risk (held by WHO).

Having passed the global forum NCD prevention and control: rotating international visitors program 2003 (organized by WHO/HQ and EMRO).

Having passed 3- weeks training program in cardiovascular disease rehabilitation and prevention (Melbourne-Australia).

Having passed 2- weeks training program in cardiovascular disease psychosomatic (Freiburg-Germany).

Memberships:

Heart group of Isfahan school of medicine, Isfahan University of Medical Sciences

Research Committee of Isfahan School of medicine, Iran.

Research Committee of Isfahan Cardiovascular Research Center, Iran.

Scientific Committee, National Project for Cardiovascular Prevention and Control.

Iranian Heart Foundation, Iran.

Iranian Chapter of Heart Friends around the World.

Coordinator Committee, Isfahan Healthy Heart Program.

Member of research council, Isfahan Cardiovascular Research Center.

Member of research branch of heart group Isfahan medical school.

Supervised Thesis:

1. **Sadeghi M**, Tavasoli AA, Asgary S. Relation between antiphospholipid antibody and Intima-Media thickness in young patients with myocardial infarction in comparison with healthy subject. 2003, Isfahan university of Medical Science University.
2. **Sadeghi M**, Amini M. Lipid disturbance in macro and micro vascular complication of insulin dependent diabetes mellitus. 2003, Isfahan medical science university.
3. **Sadeghi M**, Poormoghadas M. Predictive value of ST change in AVR lead in detection of which coronary artery in inferior myocardial infarction. 2003, Isfahan medical science university.
4. **Sadeghi M**. Relation between antistreptokinas antibody titer and complication of myocardial infarction after streptokinase treatment. 2006, Isfahan medical science university.
5. **Sadeghi M**, Sanei H, Garakyaraghi M. Relation between metabolic syndrome and extent involvement according to coronary angiogram of patient with stable angina. 2005, Isfahan medical science university.
6. **Sadeghi M**, Emami A. Relation between major coronary artery risk factors and extent of coronary artery disease. 2005, Isfahan medical science university.
7. **Sadeghi M**, Tavasoli AA. Relation between peripheral artery disease according to Ankle to brachial index and coronary artery disease. 2005, Isfahan medical science university.
8. **Sadeghi M**, Nasr A. Relation between C-Reactive protein and number and severity of coronary artery disease. 2003, Isfahan medical science university.
9. **Sadeghi M**, Hashemi M, Heidari R. Effect of spirinolactan on heart rate variability of diabetic patients. 2005, Isfahan medical science university.
10. **Sadeghi M**, Naderi Gh, Nasr A. Relation between testosteron level and coronary involvement in post menopausal women. 2003, Isfahan medical science university.
11. **Sadeghi M**, Poormoghadas M. Comparison of parameters of blood pressure control in different kind of kaptopril by 24h Holter monitoring. 2004, Isfahan medical science university.
12. **Sadeghi M**, Poormoghadas M, Tavasoli AA. Relation between CRP and complex plaque of coronary artery in unstable angina. 2005, Isfahan medical science university.
13. **Sadeghi M**, Poormoghadas M, Tavasoli AA. Prevalence of patent foraman ovale in young patient with stroke. 2005, Isfahan medical science university
14. **Sadeghi M**, Siavash M. Comparison of correlation between body mass index and waist to hip ratio and coronary involvement. 2006, Isfahan medical science university.
15. **Sadeghi M**. Blood pressure change during Hot Flash of menopausal women by 24 hour holter monitoring. 2006, Isfahan medical science university.
16. **Sadeghi M**, Adibi P. Relation between ALT and AST and coronary artery disease. 2006, Isfahan medical science university.
17. **Sadeghi M**, Poormoghadas M. Predictive value of coronary calcsification and atherosclerosis according to sex and age. 2004, Isfahan medical science university.
18. **Sadeghi M**, Afshar H. Comparison of atherosclerosis in carotid arteries in patient with and without anxiety. 2005, Isfahan medical science university.
19. Kelishadi R, **Sadeghi M**,. Comparison of depression in obese adolescent of 10-18 year with control groups. 2003, Isfahan medical science university
20. **Sadeghi M**, Poormoghadas M. Relation between physical fitness by Duke questionnaire and obesity index with coronary involvement in women. 2005, Isfahan medical science university
21. **Sadeghi M**, Naderi GH, Heidari R. Evaluation between serum insulin and resistance to it in patient admitted to emergency unit for cardiac and non cardiac events. 2004, Isfahan medical science university.
22. **Sadeghi M**. Accuracy of Rose questionnaire for prediction of coronary involmment. 2003, Isfahan medical science university.
23. Sarraf zadegan N, **Sadeghi M**. Two years incidence of vascular event in above 35 years old of population in Isfahan, Arak and Najafabad. 2004, Isfahan medical science university.

24. **Sadeghi M.** Which major risk factors is predictive for more extent of CAD. 2007, Isfahan medical science university.
25. **Sadeghi M.** Relation between microalbuminuria and severity of CAD according to angiography. 2007, Isfahan medical science university.
26. **Sadeghi M.** Relation between apoA, apoB and blood lipids with atherosclerotic coronary artery disease. 2007, Isfahan medical science university.
27. **Sadeghi M,** Sanei H, Shemirani H. Lp(a) and Ischemic Heart Disease. 2007, Isfahan medical science university.
28. **Sadeghi M,** Heidari R, Vosogh E. Effect of sildanafil on pulmonary hypertension after mustard poisoning during Iran-Iraqe war. 2007, Isfahan medical science university.
29. Sarrafzadegan N, **Sadeghi M.** Evaluation the relation between hs-CRP with high and low dose of atrovastatin in patient with non ST-myocardial infarction. 2007, Isfahan medical science university.
30. **Sadeghi M,** Sanei H. Relation between serum level of inflammatory marker with extent of coronary artery disease and Intima-Media thickness. 2007, Isfahan university medical science.
31. **Sadeghi M,** Sanei H. Evaluation between microalbuminuria and coronary involvement in diabetic patients. 2007, Isfahan medical science university.
32. **Sadeghi M,** Adibi. Relation of liver fat by sonography and coronary artery disease. 2007, Isfahan medical science university.
33. **Sadeghi M,** Hidari R. The effect of sildenafil on the pulmonary artery hypertension caused by mustard gas. 2008, Isfahan Medical science university.
34. **Sadeghi M,** Ramezani J. Adherence to evidence-based therapies and modifiable risk factor in patients with coronary artery disease-the HLCP project. 2006, Isfahan Medical science university.
35. **Sadeghi M,** KHayamnekoii Z. the effect of cognitive-behavioral therapies on reduction of heart Diseases anxiety and improvement quality of life. 2007, Isfahan Medical science university.
36. **Sadeghi M,** Adibi P, Mahsa M. Hypertrans aminasemia is a predictor of coronary heart in Woman from general population. 2006, Isfahan Medical Science University.
37. Miandoabi T, **Sadeghi M,** Shemirani H. Is LP(a), as a predictor of severity of CAD? 2008, Isfahan Medical science university.
38. Sarrafzadegan N, **Sadeghi M.** The relation between Serum and diet Trans Fatty Acids ,inflammatory factor E-selectin and interleukin-6 levels with severity and extent of coronary artery disease in patients with acute coronary syndromes and stable angina. 2009, Isfahan Medical science university. Ali Saeedi (MD).
39. **Sadeghi M,**. Determining the relationship between resting electrocardiography findings and behavioral, physical and biochemical characteristics in adults of 35 years of central part of Iran. 2009, Isfahan Medical science university. Khademi (MD).
40. **Sadeghi M,**. Evaluation of serum level of IL-18 with extent of coronary artery disease in patient with un stable angina. 2009, Isfahan Medical Science University. Gharaate (Ms).
41. **Sadeghi M,**. aspirin resistance status as determined by urinary TXB2 level in patient with ischemic heart disease and its relationship with cardiovascular events after two year follow up. 2009, Isfahan Medical Science University. Zeyai (MD).
42. Sarrafzadegan N, **Sadeghi M,**. Evaluation of individual's ankle brachial index with and without metabolic syndrome. 2009, Isfahan Medical science university. Kazemi (MD).
43. Sarrafzadegan N, **Sadeghi M,**. Ghrelin, Adiponectin - Inflammatory factors- metabolic Syndrome- IMT of carotid arteries. 2009, Isfahan Medical science university. Hajmohamadi (MD)
44. Sarrafzadegan N, **Sadeghi M,** Hashemi M. Evaluation of heart rate recovery and exercise capacity (two prognostic indices in exercise test) in metabolic syndrome patients compared with individuals without metabolic syndrome. 2009, Isfahan Medical science university. Shafei (MD).

45. Sarrafzadegan N, **Sadeghi M**. Studying the frequency of echocardiography change in individuals with and without Metabolic Syndrome in a sample of cohort study Isfahan. 2009, Isfahan Medical science university. Abady & Forozani (MD).
46. **Sadeghi M**, Sanei H. Correlation between TIMI risk score & modified gensini risk score with cardiovascular events on year cohort in patients with STEMI. 2009, Isfahan Medical Science University. Golabchi (MD).
47. Sarrafzadegan N, Poormoghadas M, **Sadeghi M**. evaluation of 6-month event predictive model for heart failure patients 2009-2010. 2009, Isfahan Medical science university. Cheraghi (MD).
48. Sanei H, **Sadeghi M**. Assessment of association between Leptin and Adiponektin with coronary artery disease in stable angina. 2009, Isfahan Medical science university. Mozafari (MD).
49. **Sadeghi M**. On general health, quality of life and effectiveness of Cognitive Behavioral Stress Management the severity of blood pressure in hypertensive patients. 2009, Isfahan science university. Jabal-Ameli Sh (MS).
50. **Sadeghi M**. The effect of exercise cardiac rehabilitation on the left ventricular structure, systolic function and diastolic filling in patient with myocardial infarction. 2009, Isfahan science university. Basati F (MS).
51. Keyvanara M, **Sadeghi M**. Comparative study of national Acute Coronary Syndrome registry in selected countries and presenting guidelines for Iran. Tadayon H (MS).
52. Moeini M, Gasempour Z, **Sadeghi M**. The effect of massage therapy on blood pressure of prehypertension women who refer to health & treatment centers in 2010. Givi M (MS).
53. Sarrafzadegan N, **Sadeghi M**. Determination Of Correlation Between Coronary & Carotid arteries Atherosclerosis And Abdominal fat. Nezarat (MD). 2011.
54. Heidari R, **Sadeghi M**. Evaluation and comparison of serum myeloperoxidase level in premature MI patient against other MI patients and healthy subjects. Shamsi (MD) 2011.
55. Sarrafzadegan N, Sanei H, **Sadeghi M**. The Relation between Occupational Exposure to Lead and Hypertension among Employed Normotensive Men in Isfahan. Taheri (MD) 2011.
56. **Sadeghi M**, Sarrafzadegan N. Heart rate and cardiovascular events: A nested case-control in Isfahan Cohort Study. 2011 Zand I (MD)
57. Mostafavi F, **Sadeghi M**. Efficiency of educational and exercise intervention based on social cognitive theory in patient empowerment diagnosed with heart failure. Rajati F (PhD) 2012.
58. **Sadeghi M**. The Effect of Vitamin D Supplement on Endothelial Dysfunction in Patient with Stable Angina in KHorshid Hospital in 2012. Mokhtari M (MD)
59. Garakyaraghi M, **Sadeghi M**. Prognostic Value Of plasma BNP and MPO Level In Chronic Heart Failure . 2013 Alizadeh N. (MD)
60. Investigation the effect of hull-less barley bread on lipid profile, fasting blood sugar and vascular endothelial function in hypercholesterolemic patients. 2013 Momenzadeh (MD)

Books:

Sadeghi M, Aghdak P. Cardiovascular Health for Literacy Campaign. 2003.

Awards:

2002: selected physician of council of physicians.

2004: selected researcher of Isfahan Cardiovascular Research Center.

2009: selected researcher of Isfahan governor-general.

2010: selected researcher of Isfahan Cardiovascular Research Institute.

2011- selected researcher of Isfahan Cardiovascular Research Institute

2012- selected researcher of Isfahan Cardiovascular Research Institute

And selected researcher of Isfahan University of Medical sciences and governor-general
